

## STAN'S STUFF JANUARY 2022

**MY POLICY:** I don't spend time or money on fancy packaging, often I wrap in newspaper. Instead my energy goes into producing quality products. I won't produce a competition kit that I can't win with! Please keep in mind that I am a hobbyist, not a business. Often I don't have kits in stock, I must assemble them to order. Sometimes I am fast, I always try to be, but life can get in the way and slow me down. Occasionally you may need to be patient. If you are in a special hurry and need me to work overtime, tell me and toss in an extra 20% for the order, not for the shipping.

### **SEND ORDERS TO:**

### **PLEASE BE CLEAR WHEN ORDERING**

Stan Buddenbohm  
PO Box 1677  
Boulevard Ca 91905

You can't order by email but you can ask questions [buddenbohms@gmail.com](mailto:buddenbohms@gmail.com)  
I normally see email a few times a week because I must travel for a connection, so please don't lose patience

**SHIPPING USA:** U.S. Shipping is by priority USPS mail \$10 for up to 2 CAT kits or \$14 for more than that. Small parts or fuselages can ride with a kit for no extra shipping charge. For Cole Power kits the Post office now adds a \$4 surcharge. For larger TLGs they add a \$16 surcharge. So you will need to add that. However, it is possible to get rid of the surcharge if you want me to cut your wing blank in half. Just make that clear when ordering

SHIPPING outside the USA: The price increases have made this impractical

**PAYMENT: USA** - Cash is best, postal money order is good, checks are okay.

**EXTRA TIMER SPRINGS:** All kits and fuselages use the same or similar timer spring, they are included. Extra springs and springs with dt line attached are available. See price sheets

### **CARBON TUBES FOR CATAPULT GLIDERS**

19.5" x .156 tapering slightly in wall thickness Approximately 3.4g., very stiff

### **CARBON TUBES FOR E-36: NO LONGER SOLD**

**KITS CONTAIN:** Tapered wing and tail balsa, wash-in wedge, nose weight, RR fuselage where noted, and if needed: plywood, basswood, built in timer, and wire parts.

**GENERIC CATAPULT INSTRUCTIONS:** One copy free upon request, not for science olympiad.

**PLANS:** Plans are free if emailed, if you need hard copies then see the price sheets. Same for Generic TLG instructions.

**COMPLETED MODELS:** Generally add \$100 to CAT kit price, \$200 to TLG kit price. Shipping can cost a lot, like more than \$60. Email me
